Right & Left-handed Doors on Pre-configured Cabinets

Rule One: All 1, 2 and 3 high x 14" deep set-up cabinets with doors are assumed to be **wall-hanging**. The pulls are therefore placed at the bottom of the doors.

Set-up examples shown should be ordered as hinged-right (HR) units.

Note: When ordering a single door pack for a wall cabinet with the pull in the lower left as shown, order a hinged-left (HL) door.

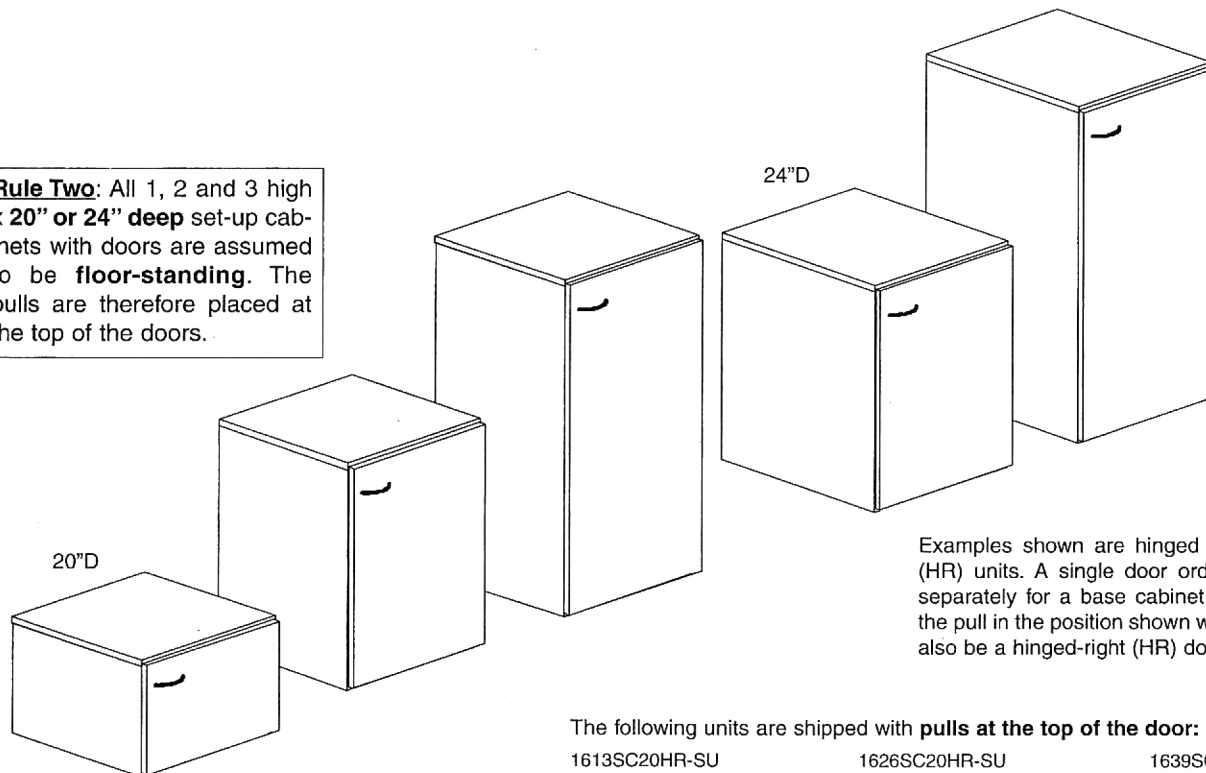

The following units are shipped with pulls at the bottom of the door:

1613SC14HR-SU
1613SC14HL-SU
2013SC14HR-SU
2013SC14HL-SU

2026SC14HL-SU

1639SC14HR-SU
1639SC14HL-SU
2039SC14HR-SU
2039SC14HL-SU

Rule Two: All 1, 2 and 3 high x 20" or 24" deep set-up cabinets with doors are assumed to be **floor-standing**. The pulls are therefore placed at the top of the doors.

Examples shown are hinged right (HR) units. A single door ordered separately for a base cabinet with the pull in the position shown would also be a hinged-right (HR) door.

The following units are shipped with pulls at the top of the door:

1613SC20HR-SU
1613SC20HL-SU
2013SC20HR-SU
